TB

Thermally broken versatile
system for most residential
design needs

Thermeco
Window systems for better living.

EC45TB

EC45TB is Thermeco's most popular and adaptive thermally broken system to suit Australia's broad and dynamic environmental conditions. Thermally broken systems have been designed for improved energy efficiency. Our commitment to environmentally sustainable window solutions delivers you greater comfort of living and increased savings in your heating and cooling costs.

Frame

Single or Double Glazing

Excellent thermal & acoustic insulation available in a range of up to 32mm thickness to suit installation requirement.

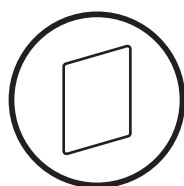

Thermal Break

Effective barrier prevents transmission of heat, cold & noise.

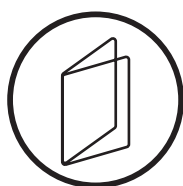

Gasket

Made from EPDM provides initial protection for wind & water penetration.

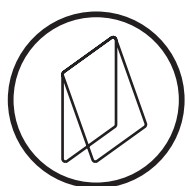

Opening Styles

Fixed

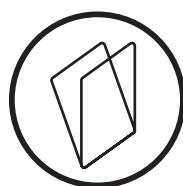

Hinged Doors

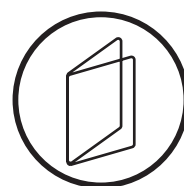

Awning
